Description:

The BLS Healthcare Provider Course is designed to teach the skills of CPR for victims of all ages (including ventilation with a barrier device, a bag-mask device, and oxygen); use of an automated external defibrillator (AED); and relief of foreign-body airway obstruction (FBAO). It is intended for participants who provide health care to patients in a wide variety of settings, including in-hospital and out-of-hospital. For certified or non-certified, licensed or non-licensed health care professionals.

For satisfactory completion you will be required to score 84 percent or better on a 25 question written exam and successfully complete the performance evaluation in accordance with AHA performance criteria.

Registration:

Complete and mail registration form. Participants will not be considered registered until fees have been received. Course materials are available for purchase; please call 513-584-8036 for prices and additional information.
